F1

The children have really enjoyed helping to us to carry out our huge end of year job this week. We have sorted out and cleaned every box and drawer of toys together, ready for September. The children have also made party hats for our celebration party on Friday.

FS2

The new Foundation 2 children who are starting in September have enjoyed visits to school and a Teddy Bears picnic. Staff have also been visiting the children at home and are looking forward to seeing everyone in September.

Class 1

Class 1 have had a fantastic week. We have made pirate treasure chests and turn ourselves into pirates. We have also been thinking about what we want to be when we grow up – ask us to find out!

Class 2

Class 2 have had a fantastic week, being creative and arty with our under the sea theme. We have been making turtles and tropical fish of all beautiful colours, as well as using Popplet to create our own Under the Sea mind-maps. Check out Seesaw to see some of the finished poplets. We are very excited for Learner Day and after settling in to Y2 so well, have really earned all the fun activities!

Class 3

Class 3 had an amazing end to the year. We have managed to finish our embroidery class logos which have been inspired by the house logos of Hogwarts School. We have really enjoyed creating our own monsters and beasts with the help of J K Rowling's 'Fantastic beasts and where to find them'.

Class 4

Class 4 have continued to settle well into our new classroom, we have been very busy using oil pastels, chalks and clay to make some amazing art work, all based on the jungle. We have finished reading the story 'The Gorilla Who Wanted To Grow Up' and have thoroughly enjoyed it. In maths, we have learnt to count through 0 into negative numbers and can now order and sequence them according to value. We have worked extremely hard over the past two weeks (well, year) and are totally ready now for a good break.

Class 5

It may have been the last week in school but Class 5 have been as busy as ever. We have completed more challenges including making the longest chain out of one sheet of paper, bottle flipping and creating the most stable newspaper bridge. We solved the mathematical mystery with lots of team work and maths skills. We also took part in a silent debate in Book Club!

Class 6

This week class 6 have had a fantastic couple of weeks in their new class. We have been finding out the definitions of words such as troglodyte, snollygoster and abibliophobia. We have been outside to create some beautiful artwork using the nature around the school and had a bridge building competition. Class 6 definitely deserve a break after all of their hard work this year, but we can't wait till September!
